

SelectDeck™

The Basics

High quality '2x6' decking with kerfs to relieve stress.

Actual size: 1 3/8" "x 5"

- C Grade - virtually clear of knots and imperfections
- Size: 2x6 in 12', 16' and 20' lengths
- No Grade Stamps on top side
- Kerfs on bottom side to reduce cupping
- MADguard added to slow wood's moisture intake and release which helps to minimize checking/splitting

Madwood™

The Basics

Hand selected '2x4' and '2x6' decking with an eased edge.

Actual size: 1 3/8" x 5 3/8"

- Hand selected out of #1 Grade to guarantee no open knots or wane on the face.
- Remilled to remove surface imperfections and raised grain
- Size: 2x4 and 2x6 in 8'-16' and 20' lengths
- No Grade Stamps on best side
- MADguard added to slow wood's moisture intake and release which helps to

Our Promise.

C Grade 45 Degree 2 Ends: 3', 3.5', 4'

Lattice

Estate Plus (50 pc pack)

A Popular standard lattice panel. With it's 2-5/8" opening, this panel has been used in thousands of projects and is chosen for it's traditional looks and superior strength. This SYP panel utilizes a special cling fastener and has gained a reputation for quality.

Thickness: 7/16"

Spacing: 2 5/8"

Pieces Per Pack: 50

Fortress (40 pc pack)

The same spacing as Estate Plus, only thicker. Ideal for deck and fence applications. Our standard thick panel is approximately 7/8" thick at intersections.

Thickness: 7/8"

Spacing: 2 5/8"

Pieces Per Pack: 40

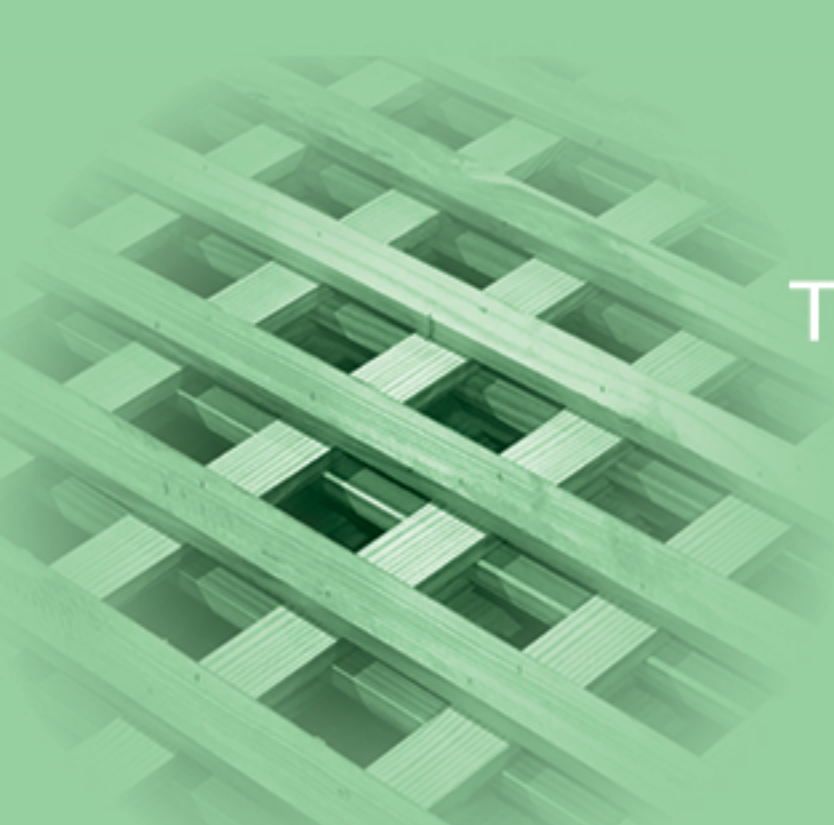

Fortress- Centre Court (25 pc pack)

Double the thickness of our popular square pattern privacy lattice and you've got the same good looks with twice the strength.

Thickness: 7/8"

Spacing: 1 1/8"

Pieces Per Pack: 25
